

Michael Mirdad

Spiritual Teacher, Healer, and Author

“Michael Mirdad is a world class teacher who has earned the respect of countless students and teachers both in and out of the A Course in Miracles community. He teaches with great knowledge and authority, and I highly recommend him on both a professional and personal level.”

—Gary R. Renard, Author, *The Disappearance of the Universe*

How can one describe Michael Mirdad and his amazing work? He is both **an incredible spiritual teacher and yet also one of the world’s most intuitive counselors and healers.** Each of his gifts is remarkable.

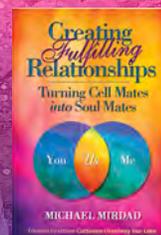

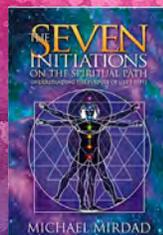

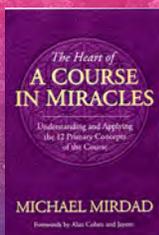

When he facilitates a lecture, church service or workshop, it’s not like anything done by other teachers; it’s more like a **miraculous experience.** In a single event, you can find some audience members experiencing **the greatest teachings and insights in their life,** while others are brought to the deepest tears, and still others laughing from **his wonderful humor.** During his lectures, it is not uncommon for some attendees to experience deep emotional healing or to see angels and beings of light surrounding him. He does physical and emotional work with many hundreds of people per year and nearly all of them claim to have life-changing experiences.

Michael is a profoundly spiritual being and truly an anomaly. He is well learned but is mostly self-taught. He teaches on the disciplines of Christ and Buddha and yet also on the subtleties of sacred sexuality and healing trauma. He teaches on more topics than most people could study in a lifetime. It’s impossible to label him. Is he serious or hilarious? Are his teachings deep or simple? Michael Mirdad is one of those people you might easily refer to as an embodied angel or ascended master. One thing is certain: **he is a modern day miracle-worker, channeling God’s love in a most unique way.**
